Each paper is limited to a maximum of 1 (one) single-sided page on A4 format. In order to achieve print area of 15x23.7 cm, please adjust your word processor to all margins 3 cm, print area width 15 cm and print area height 23.7 cm. The text shall be organized in a single column, left and right justified. Use single spacing in the body of the text. Do not indent the first line of a paragraph, instead, add 4-pt space between paragraphs. Use a font from the Times family (e.g., Times New Roman), font size 11 pt, for paper title 12 pt. Please use predefined styles; Title, Authors, Normal, Reference etc. in MS Word.

The paper title, author(s) name(s), affiliation, complete mailing address and email should be centered at the top of the page using the font as indicated above. If there are several authors, the complete affiliation should be given for each of them using superscript(1) in the authors list to refer to them.

Position figures and tables at the bottom of the page. Figure captions should be below the figures; table captions should be above the tables. Use the abbreviation "Fig.1," even at the beginning of a sentence. All images must be embedded into your document. The type of graphics you include will affect the quality and size of your electronic paper. Please do not make text appearing in figures smaller than 10 pt.

Citations can be used. Number the citations consecutively in square brackets [1]. The sentence punctuation follows the brackets [2]. Refer simply to the reference number, as in [2]. Give all authors' names; do not use "et al". Papers that have not been published, even if they have been submitted for publication, should be cited as "unpublished" [2]. Papers that have been accepted for publication should be cited as "in press" [2].
